

Eco-Friendly Meetings

Doing our part for the planet

Replacing Binders

Array eliminates the need for bulky meeting binders by providing convenient access to presentations and resources directly within the platform.

Eliminating Paper Evaluations

Our cutting-edge technology allows us to seamlessly capture attendee feedback on presentations, eliminating the reliance on paper evaluations. This not only helps reduce waste, but also provides the added benefit of receiving feedback in real-time.

Sending slides electronically

Our paperless meeting experience eliminates the need for pre-printed materials and notepads. Attendees can take notes digitally and will receive all notes and saved slides electronically after the meeting for future reference.

About Array

Array provides content engagement technology and services. Our unique interactive features can increase audience engagement to over 90%.
